Breed Highlight

Finnish Lapphund
Starring Kirin

An ancient breed, the Finnish Lapphund originated with the Sami, a semi-nomadic people who covered parts of Finland, Sweden, and Russia. As the Sami culture evolved into a less nomadic one, the dogs were used to herd reindeer. Which helped to provide food and pelts to the Sami peoples.

Today the Finnish Lapphund is the most popular breed in Finland and slowly becoming more popular throughout the world.

Underdog Training and Behaviour Consulting, Tips and Classes

Training Tip:

Increase your dog's motivation to take treats at the park by using their daily meal allocation in training. Put their normal meal in a treat pouch and mix it with something of higher value.

Upcoming classes at Playful Pups:

Puppy Primary Classes starting
Monday 17th of April at 6:45PM

Novice Group obedience starting
Monday 17th of April at 8PM

Dogs, Translated!

Is your puppy ignoring you?
Especially when you're at the park or out and about?
Don't take it to heart.

Dogs who are unable to focus may be suffering from
high anxiety or high arousal. They aren't being
naughty, they may be physically unable to respond in
that moment.

UNABLE TO FOCUS

Reviews.

Thanks to Emma and Lucy!

My little Lucy has been going to playful pups regularly since I returned to work. She gets super excited when we arrive and loves her time there. Joe and the team are absolutely lovely people and I go to work knowing that she is in good hands. Highly recommend them !
